

IMPROGUT™ POWDER

Sustainable Gut Health & Performance Improver
Controls gut pathogens including protozoal infection

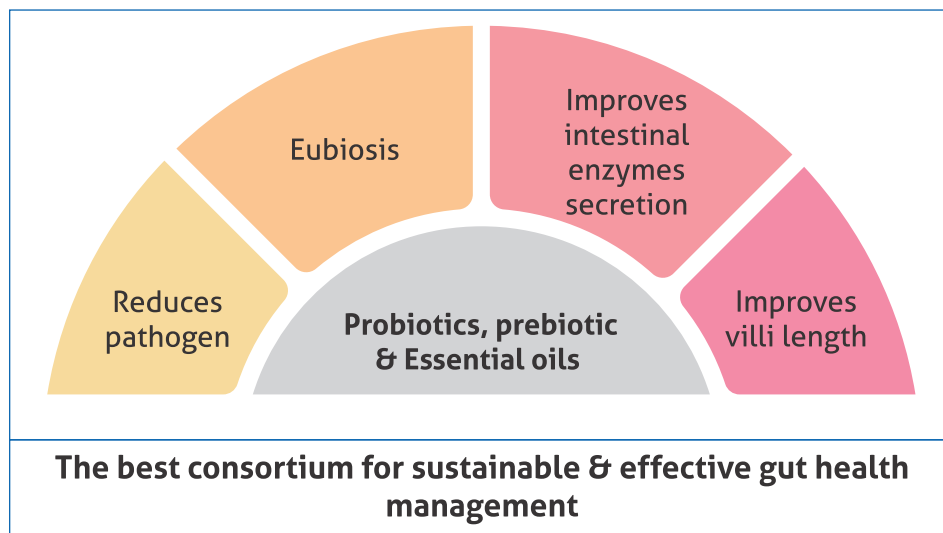

QUALICORE
quality at core in animal well-being

IMPROGUT™ POWDER

Specially designed as gut health improver for aquaculture

IMPROGUT offers the combined advantages of probiotics, prebiotic & encapsulated essential oils

Synergistic combination allows gut health improvement through a development of intestinal villi, getting better digestibility of nutrients

Optimizes zoo technical parameters- improves daily weight gain, reduces FCR, achieves healthy intestinal mucosa leading to more homogenous batch

Probiotics	Prebiotics	Coated essential oils
Competitive exclusion of pathogens, secretes acids to reduce pH, secretes enzymes in intestines	Favours probiotic growth in intestine, binds bacterial pathogens and reduces gut inflammation	Reduces pathogens & gut protozoan infection, favours probiotic growth, controls inflammation and acts as antioxidant, controls intestinal protozoa like Gregarines

Composition:

Consortium of probiotic bacteria- *Bacillus subtilis*, *Bacillus licheniformis*, *Lactobacillus acidophilus*, *Lactobacillus spp*, *Saccharomyces cerevisiae*; Prebiotic- mannan oligosaccharides, beta glucan; coated essential oils- cinnamaldehyde, thymol, carvacrol & Eugenol

Benefits:

Reduces pathogenic load- keeps gut clean and healthy; favours growth of probiotic bacteria; reduces oxidative stress and gut inflammation; control gut protozoa- Gregarines infection and others

Usage recommendation:

0.5 to 1 kg per ton of feed. 12-25gm per 25 kg bag as top coating method

Presentation: 500 gm container

Manufactured & Marketed by:
QUALICORE
